

Greetings Friends!

We invite you to use the attached resources in whatever way you see fit to enter into a Lenten journey with us!

Join us in 40 days of journeying toward an entirely New Normal- the ultimate New Normal- Resurrection Day and the power of New Life! Easter! We hope and pray that this journey might bring you into partnership with our mission!

We are looking to grow our e-mail prayer chain, recruit new Therapeutic Foster Parents and fund our Spiritual Life Department.

As part of your Lenten preparations, we've included a double-sided bulletin insert with 6 weeks' worth of meditations. We included all 6 so those who miss a week can still participate in the full series. These meditations can also be used separately as weekly memes to post on social media.

Thank you for all the ways you support
AK Child & Family
as we bring hope to young Alaskans
working to heal from traumas of every kind!
